OFFICE OF PETITIONS

In re Application of:	:	DECISION ON REQUEST
Macom et al.	:	FOR REVIEW OF
Patent No. 7,122,207	:	PATENT TERM ADJUSTMENT
Application No. 09/848448	:	and
Filing or 371(c) Date: 05/03/2001	:	NOTICE OF INTENT TO ISSUE
Atty Docket No. TN1A CIP	:	CERTIFICATE OF CORRECTION

This letter is in response to the "PATENT TERM ADJUSTMENT UNDER 35 U.S.C. 154(b)," filed November 17, 2006. Pursuant to patentee's duty of good faith and candor to the Office, patentee requests confirmation of the issuance of a patent term adjustment of 446 days.

The request for review of the determination of patent term adjustment (PTA) is **granted**.

The patent term adjustment indicated in the patent is to be corrected by issuance of a certificate of correction showing a revised Patent Term Adjustment of **three-hundred seventy-seven (377)** days.

On October 17, 2006, the above-identified application matured into U.S. Patent No. 7,122,207, with a revised patent term adjustment of 446 days. On November 17, 2006, patentee submitted the instant comment. Patentee states no basis for the request for review of the patent term adjustment.

Nonetheless, a review of the application history confirms that an incorrect number of days were determined for Applicant delay. A review of the application history reveals that the reduction of 10 days for applicant delay in filing a supplemental response on March 13, 2003, after filing an Amendment on March 3, 2003, in response to the final Office action mailed January 24, 2003, is incorrect. 37 CFR 1.704(c) provides, in pertinent part, that:

Circumstances that constitute a failure of the applicant to engage in reasonable efforts to conclude processing or examination of an application also include the following

circumstances, which will result in the following reduction of the period of adjustment set forth in § 1.703 to the extent that the periods are not overlapping:

- (8) Submission of a supplemental reply or other paper, other than a supplemental reply or other paper expressly requested by the examiner, after a reply has been filed, in which case the period of adjustment set forth in § 1.703 shall be reduced by the number of days, if any, beginning on the day after the date the initial reply was filed and ending on the date that the supplemental reply or other such paper was filed;

In this instance, after filing a response (Amendment), on March 3, 2003, applicants filed a supplemental response, an Information Disclosure Statement (IDS), on March 13, 2003. However, as the Amendment filed March 3, 2003 was not in compliance with 35 U.S.C. § 1.113(c), the period for reply to the final rejection mailed January 24, 2003, continued to run. The proper reply, a Notice of Appeal, was not received in the Office until April 28, 2003. Pursuant to 37 CFR § 1.704(b), the patent term adjustment should have been reduced by four days for applicant delay, from April 25, 2003, to April 28, 2003, in filing a proper reply to the final rejection.

Additionally, Applicant should have been assessed an additional delay of seventy-five (75) days pursuant to 37 C.F.R. § 1.704(c)(8). After filing a Request for Continued Examination ("RCE") on January 14, 2004, Applicants filed a supplemental response, an Information Disclosure Statement (IDS) on March 29, 2004. The record supports a conclusion that this additional response was not expressly requested by the examiner. Further, the IDS did not include a 1.704(d) statement¹. Accordingly, the PTA should have been reduced by 75 days, the number of days beginning on the day after the date the initial reply was filed, January 15, 2004, and ending on the date that the second supplemental reply or other such paper was filed, March 29, 2004.

In view thereof, the correct determination of PTA at the time of the mailing of the notice of allowance is THREE HUNDRED SEVENTY-SEVEN (377) days.

As this letter was submitted as an advisement to the Office of an error in Applicant's favor, the Office will not assess the \$200.00 application fee under 37 CFR 1.705(b). The Office thanks applicant for their good faith and candor in bringing this to the attention of the Office.

The application file is being forwarded to the Certificates of Correction Branch for issuance of a certificate of correction in order to rectify this error. The Office will issue a certificate of

¹ A paper containing only an information disclosure statement in compliance with §§ 1.97 and 1.98 will not be considered a failure to engage in reasonable efforts to conclude prosecution (processing or examination) of the application under paragraphs (c)(6), (c)(8), (c)(9), or (c)(10) of this section if it is accompanied by a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of the information disclosure statement. This thirty-day period is not extendable. 37 CFR 1.704(d) (Emphasis supplied).

correction indicating that the term of the above-identified patent is extended or adjusted by **THREE HUNDRED SEVENTY-SEVEN (377) days.**
